NOT YOUR ORDINARY KID. . .

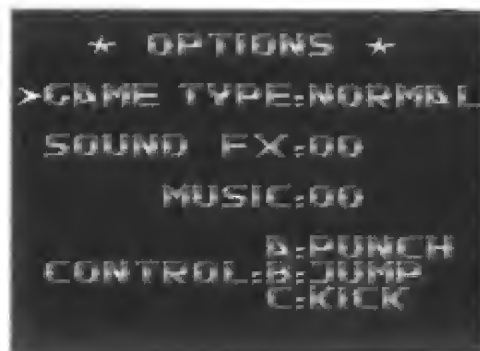

Kevin Green has more troubles than your average teenager. A successful product of genetic experimentation, Kevin has access to a source of amazing power locked within his youthful frame. A power he barely understands courses through his system waiting to be unleashed as PRIME!

Although his grasp on super-heroics is new, Prime answers the multiple Ultra Human challenges with the fury of a man possessed! (Okay, a teenager possessed...) But hey, what he lacks in fighting skills he more than makes up for in brute strength!

Which is a good thing, seeing as how his girlfriend Kelly has disappeared from her recent trip to the mall. As Prime investigates, he notices a group of powerful thugs hanging around the scene of the crime. With the fate of his girlfriend at stake, Prime becomes a human juggernaut and wades into battle with the gang of hoods (who picked the wrong day to be the bad guys!)

GAME OPTIONS

When you press the Start button at the title screen, you'll go to the Game Options selection screen. Your options are: Game, Comic, and Malibu Video.

GAME - Press The Start button to jump into action! This portion of the game is a knuckle-bruising, pulse-pounding fight that starts in the streets and works its way through the sewers and up into the skies! You're searching for Kelly and there's not a henchman or mutated critter that's going to stop you!

COMIC - Move the cursor to Comic and press Start to view the first issues of the Prime comic book series. Each cover and page has been carefully recreated on the CD ROM format for your viewing pleasure. Read about the early exploits of Kevin and his super hero alter ego in stories that are guaranteed to amaze you!

MALIBU VIDEO - This is a full motion video interview sequence with the comic book's artists, creators, and writers.

Button B - Jump button

- Press to jump. Prime can perform attacks while in the air.

Button C - Kick button

- Press to kick enemies.

NOTE: Alternately, the buttons can be customized in the Change Options screen.

Start Button

- Press to pause the game.

SPECIAL ATTACKS

In the fighting mode, Prime can perform a variety of specialized attacks against the bad guys. Use these special moves to take out the enemies with more style (and raw power!) To do most of these moves, walk towards an enemy while holding Button A and grab an opponent. Then press Button A while holding the D-Pad in a direction to perform a special attack.

GRAB - Prime's grip is so strong that he can literally lift an opponent off the ground and suspend him in his grasp! From this position, Prime has a number of options in dealing with the enemy that he is holding. Note: Don't wait too long to deal with the guy you're holding or he may squirm out of your grasp.

DOUBLE GRAB - Since Prime has two huge meaty paws, he can grab two villains simultaneously. This immobilizes them and sets them up for (see below).

SPECIAL ATTACKS

HEAD BASH - Whilst in the grip of your Double Grab, the bad guys are prone to a head bash. Press the attack button when you are doing the Double Grab to quickly introduce the faces of the enemies to each other.

MIGHTY THROW - Spin a bad guy in the air and toss him away from you for a thunderous shock to his system! This is a challenging move to execute repeatedly.

PILE DRIVER - A quick grab, a spin, and Prime slams the enemy into the pavement head first. This move does major damage to the opponents!

BIG BURST - The ambient energy within Prime can be used as an explosive weapon itself! Prime elevates himself above the enemies, concentrates on harnessing this energy, then erupts into a powerful blast that stuns not only every enemy on screen, but unfortunately, himself as well. This move can only be done when Prime has a lot of stored energy in his reserves. Prime can also pick up gold stars to get more Big Bursts.

To perform this move, press Buttons A, B, and C simultaneously.

FLYING DIRECTIONS

Prime takes to the skies in a couple of levels for high-flying action! Although the controls are similar, there is a slight difference in handling his movements while he is airborne.

D-Pad

- Press Left or Right to fly forward into the scene or to back up.
- Press Up or Down to fly up or down in the screen.

Button A - Attack button

- Press this button to punch.

Button B - Not used.

Button C - Kick button

Once you have selected the comic you want to read, press the Start button. When you are in the actual comic book, the controls work as follows:

Button B - Zoom In. Press this button to get a closer look at the page.

Button C - Advance To Next Page.

THE GOOD GUYS

PRIME - Before he was born, Kevin Green's parents worked with an organization (funded by the U.S. military), in an effort to increase their chances of fertility. After several operations, Kevin's mother became pregnant, and nine months later delivered a healthy baby boy.

Fast forward to fifteen years later (present day), and we have the Green family living normal, ordinary lives. Until, that is, the long-term effects from the experiments that affected Kevin's birth surfaced. A powerful metamorphosis transforms the average, slightly built Kevin Green into the super hero - PRIME!

Perhaps the strongest Ultra Human of the modern age. Prime has powers and abilities that separate him from the rest of humanity. These include: super strength, incredible endurance, and flight. Although he has no formal training as a fighter (remember, Kevin is inside this guy). Prime handles himself well in a scrap through his brute strength and determination. Many's the time he'll conquer an opponent by reminding them (and himself), "Prime is the strongest of them all!"

THE GOOD GUYS

Kelly Cantrell - Kelly Cantrell is the thirteen-year-old classmate of Kevin Green/Prime and the cutest girl in the eighth grade. Kevin has a crush on Kelly, but she tends to keep him at arm's length because of the perception her friends have that Kevin's a geek. However, Prime's another story, she thinks he's the greatest! She's thrilled to be flown into the air by this hero, awestruck as he battles crime for her benefit.

However, she tends to feel a little uncomfortable around Prime because he has referred to her as his "girlfriend." When he brings her home in the evenings and says nervously that he wants to see her again . . . she feels strange. She tells a friend, "I think Prime . . . likes me." "You mean, he *likes* you?" "I think." "But isn't he, like, thirty years old, or something?" "He looks it." "Weird." "Yeah, real weird." As time passes, she slowly begins to suspect Prime is Kevin Green, It's a secret she may soon find the answer to.

- Top Row:** The score is represented by the number at the top-left section of the screen.
- Prime:** The number near the likeness of Prime is the number of lives he has left.
- Power Bar:** Indicates the life-force remaining in Prime's body. If it goes to zero, his form dematerializes and he loses a life.
